

## Information Bulletin Number 16/2002

<b>To</b>	:	All UAE AOC holders
<b>From</b>	:	Director Flight Safety Services
<b>Ref.</b>	:	20212/3686/02
<b>Date</b>	:	01 December 2002
<b>Subject</b>	:	<b>Maintenance Control Manual (MCM)</b>

In order to further emphasize on the requirements of the Civil Aviation Regulations Part IV Subpart M Paragraph 13.3, all UAE AOC holders are required to maintain a Maintenance Control Manual.

The purpose of the manual is to set forth the procedures, means and methods of the operator. Compliance with its contents will assure compliance with the Air Operator Certificate requirements set forward in the above referred CARs.

Therefore all Air Operator Certificate holders are required to submit to the GCAA the MCM document within six months from the date of this Information Bulletin for review and approval.

For details of the content of the MCM contact Airworthiness Section.

Regards,

**AHMED AL HADDABI**  
**DIRECTOR FLIGHT SAFETY**
